

Bargaining Update – November 5, 2021

Both the CAAT-A and CEC Bargaining teams have agreed to return to the bargaining table on Monday November 8. We have also agreed to schedule additional bargaining days up to and including Thursday November 11. During this time, it has been agreed that there will be a communications blackout and the teams will not be issuing any further information until 6:00pm on Nov 11 or at an earlier time if both parties agree. We are eager to return to discussions that foster a focused, frank, and productive dialogue. We are committed to negotiating a settlement and securing labour stability for students and all members of the college community.
